Mechanical Engineer

Description

FIVES DTS is looking to hire a Mechanical Engineer for opportunities with a construction engineering company in Lima, OH.

Responsibilities

- Perform HVAC load calculations, ductwork static pressure calculations, and pump head calculations
- Provide engineering and 3D Revit support for multiple projects that include HVAC, piping, plumbing and fire protection

Qualifications

- OSHA 10/30 hour Construction Certificate preferred
- Incumbent must be OSHA Construction Certified
- Experience with, and the ability to size HVAC equipment, duct and ancillary equipment, and hydronic and utility piping/plumbing systems
- Knowledge and experience using AutoCAD, REVIT and Microstation preferred, as well as Microsoft Software (Word, Excel and Powerpoint)
- Ability to work independently and in a team environment
- Experience working on Automotive, Manufacturing, and Commercial projects is preferred

Education

- Bachelors Degree in Mechanical Engineering required

Job Benefits

Hired employees will receive great benefits along with an extremely competitive compensation package. Benefits will include health, dental, life, and short-term & long-term disability. Other perks include vision insurance, a 401K with company match, paid time off for vacation and sick days, and more.
